

## WATER MAINS RUN TO SCHOOL

Krazy Kat Reservoir to  
Furnish School of Mines;  
Optical Delusions.

Superintendent H. V. Jackson, of the city water company, is having a four-inch water main run from the Krazy Kat reservoir in Kern place to the Texas School of Mines, to supply that institution with water for domestic and fire purposes. The pressure at the school will be 25 pounds, he says, and the institution will be as well equipped to fight fire as any place in the city as a matter of fact there is no place in the city where the pressure is as strong as it will be at the new school.

The three main buildings are now well along towards completion. The walls are up, the roofs are on, and the contractors are now working on the interior of the buildings. One of them will be ready for use within less than a month.

While it seems possible, looking from the big reservoir towards the school of mines, to furnish water to the school from the main reservoir, a survey showed that the best possible pressure from the reservoir would not take water to the second story of the school buildings, and the city had promised to furnish the school with water. It was necessary to lay mains from the Krazy Kat reservoir.

"You can't back on your eye," said Mr. Jackson, "in the matter of grades and declines. Often what looks to be a decline is uphill, and a grade often looks like downhill. This often happens on days when I haven't done anything but attend to business, and not only after hunting trips down the valley with Dick and Jim Doolley, George Thomas and Frank Morfitt. Of course, on such trips as these I often make mistakes, but when I am in the landscape after we have been out for a time, but if you don't think you are in a deceptive position, when you are in your element, when you are in your element."

## LUGO HELD WITHOUT BOND; LEONARDO ABGADO ARRESTED

Juho Lugo, charged with murder, in connection with the killing of Teodoro Carr, was held without bond by justice of the peace J. M. Deaver Tuesday afternoon, following a preliminary hearing which lasted for nearly an hour.

Witnesses testified that Carr was shot at the Paso club Sunday morning about 2:10 o'clock. Following a series of arguments, the last of which took place just before the shooting, Leonardo Abgado, against whom a complaint charging murder was filed during Lugo's hearing, was arrested by deputies of constable Lon Garner Tuesday afternoon and held in jail. Preliminary hearing for this man had not yet been set Wednesday noon.

## IOWA ELECTION SO CLOSE THAT NO VICTORY CLAIMED

Des Moines, Iowa, Oct. 15.—With returns complete from all but two counties early today, the constitutional prohibitory amendment was leading by a majority of slightly less than 1000. Neither side is claiming victory. The official count will be necessary to determine the result.

## HOLLIS'S TALK IS FREE TO ALL

Celebrated Engineer Presi-  
dent Will Speak on En-  
gineering in War.

Interest of several hundred El Pasoans will center Thursday night in the address at the chamber of commerce auditorium by Dr. Ira W. Hollis, president of the American Society of Mechanical Engineers and a member of the advisory committee on munitions of the United States army. Dr. Hollis is also president of the Worcester Polytechnic Institute. His talk will not be a technical one, but will be a patriotic lecture, dealing largely with the industrial organization behind the lines of the army, which make modern warfare a national business operation. There will be no collection taken and no admission charged, said A. E. Barrie, president of the Southwestern Society of Engineers, which has brought Dr. Hollis to El Paso at the opening of the first annual convention of the society.

**Opening Session Thursday.**  
The opening session at 8:30 o'clock Thursday afternoon, the first address being that of president Barrie. The evening session will be held at 8:30 o'clock. The speakers for the evening will be Dr. Hollis and Capt. S. P. Hodgson will read a mining paper, on which there will be discussion. There may be a trip arranged to allow the engineers to see pontoon bridge building on the Rio Grande by army engineers.

**Army Engineer to Give Paper.**  
At the afternoon session Friday, opening at 2 o'clock, a paper relative to army cantonment construction will be read by an engineer from Camp Cody. Dean G. M. Butler, University of Arizona, will read a paper, "Effect of the Draft Law on Arizona Mineral Industries."

At the evening session, which will be at a banquet, Dean S. H. Worrell, of the Texas school of mines, will preside. There will be short excursions of the assembled engineers from the southwest to El Paso's industries, army camps, the upper and lower valleys, including a visit to the New Mexico A. & M. college, at Mesilla Park, N. M.

The public is welcome at all sessions, president Barrie said.

## CHARGES AGAINST PARKER BANK OFFICIALS DISMISSED

Yuma, Ariz., Oct. 15.—There has been dismissal of all remaining cases against the officials of the late Commercial Bank of Parker, including charges against the former manager, O. M. Spence.

The court action was at the motion of the county attorney, who based his action on the arraignment of cashier Fuller in a case similar to those against the other bank officials.

## MEXICANS CAN LEARN ENGLISH

School Board Authorizes  
Night School at Aoy; Trus-  
tee Stevens Quits.

"An alien will remain an alien until he learns the American language. He cannot become a bona fide American citizen until he thinks and feels American. By bona fide citizen I mean something more than he who is naturalized and votes, usually the wrong way."

This was the argument of Pedro Portillo, secretary of the Mexican Y. M. C. A., before the city school trustees Tuesday night, when the project of establishing a night school for Mexicans in this city, in order to provide an opportunity for them to learn the English language, was discussed and decided upon favorably by the board. Trustee E. J. Hogue was instructed to arrange for the opening of the classes, which will be held at the Y. M. C. A. building, about a week. On recommendation of Prof. A. H. Hargreave, the board also decided to authorize the employment of additional teachers, as needed, at the evening high school.

**Pledge Attendance of 40.**  
H. H. Anthony, naturalization examiner, Mr. Portillo and W. E. Phillips, secretary of the Mexican Y. M. C. A. for El Paso and Chihuahua, to cooperate as a half day basis for all grades if all the children in the Mexican school are brought to the institution. It was said at the office of the county superintendent.

The compulsory education law requires that all children attend school at least four months a year, but even with this short period as the requirement, the public school would have a surplus of 40 children. It is expected that the school will be opened in the fall. The day for a teacher's salary is \$2 each night. The necessary authority was granted.

**Miss Weber Allowed to School.**  
The late Max Weber, German consul at Juarez, but now the word of George G. Sauer, is entitled to attend El Paso public schools. In the written opinion of the attorney for the school board, Consuela is attending the high school and living in El Paso with her guardian.

**Will Improve Several Buildings.**  
A letter from the Highland Park Improvement league asking for information as to the way the proposed issue of \$100,000 would be spent caused some discussion, but it was decided that it be referred to president S. M. Whitaker to answer. The discussion developed that the board plans to make improvements to all the school buildings in the city, including the high school, and to purchase for in need of same, besides providing for the surplus in the Franklin district.

Another story over the auditorium of Alta Vista was talked. This would give four more rooms and help take care of the surplus there. Thereafter, given at Aoy and Franklin and the roads at Villa and Bailey, in had condition, are to be taken care of, it was said.

**Starts Playground Purchase.**  
A plea of Randolph Jones, supervisor of elementary grades, for a \$400 appropriation for playgrounds for playgrounds and for \$600 to purchase supplementary readers, was answered by the board voting \$100 to start the playground purchase and the amount needed for the readers. Hereafter, said Prof. Jones, individual playground teachers have been buying the materials needed, some of them spending \$40 to \$100 a year out of their own funds.

**Charles Stevens Resigns.**  
Vice president J. C. Worthington, who was presiding in the absence of Mr. Whitaker, read a letter of resignation.

## News of the Boy Scouts

THE chamber of commerce will be the scene of a very enthusiastic Boy Scout Liberty loan rally on Friday evening at 8 o'clock. This occasion will be the beginning of the local Boy Scout campaign to secure subscriptions to the second Liberty loan.

The program will include the singing of several new Scout songs, the

## THIS WEEK, NERVOUS WOMAN TOOK VINOL

It Made Her Strong and Well

Harneyville, Wis.—"I was in a weak, nervous, run-down, anemic condition, so that my housework was a burden. Vinol was recommended, and it made me well and strong. It is certainly the best tonic and strength creator I have ever taken."—Mrs. John Lewis.

Vinol is a cod liver and iron constitutional remedy for weak, nervous, run-down conditions of men, women and children. Your money will be returned if it does not help you. Kelly & Pollard, Druggists, El Paso—Adv.

## DON'T BE MISLED

El Paso Citizens Should Read and Heed This Advice.

Kidney trouble is dangerous and often fatal. Do not experiment with something new and untried.

Use a tested kidney remedy. Begin with Doan's Kidney Pills. Used in kidney troubles 20 years. Recommended here and everywhere. As El Paso citizens' statement forms convincing proof of merit.

It's local testimony—it can be investigated. R. R. Patton, carpenter, 2529 Trowbridge street, El Paso, says: "My kidneys had been acting irregularly and the secretions didn't look right. My joints ached and became stiff. As I had tried several kidney remedies without any satisfaction I bought Doan's Kidney Pills. They gave me good relief from the start and I was soon cured of the attack."

Price 60c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—name them. Mr. Patton had. Foster-Silburn Co. Makers, Buffalo, N. Y.—Adv.

## Liberty Loan Auto Parade.

To inform the public that the local Boy Scouts have answered president Wilson's call for service in the Liberty loan campaign, an automobile parade of every Scout who possibly can take part will be held Saturday, starting at the chamber of commerce at 2 o'clock.

All Scouts who can secure an auto for an hour or two at that time are expected to advise about headquarters immediately. All cars will be decorated with Liberty loan banners. All troop and patrol flags will be carried.

**Red Cross Troop Meets Saturday.**  
The first meeting of the Red Cross Troop No. 1, will be held Saturday morning at Temple Mt. Sinai. All Scouts who have passed their second class first aid are eligible. Applications may be made with senior patrol leader, David Roberts, phone 2141.

**Boys' Club to Form Troop.**  
The Boys' club of Mt. Sinai is to organize a new troop of Scouts. As this organization is the oldest boys' club in the city, the members will doubtless make some of the older troops take their dust when they get under way.

**Liberty Loan Creators.**  
Over 3000 Liberty loan booklets have been distributed the last week by the local Boy Scouts.

## DAILY RECORD.

**Deaths Filed.**  
National average—W. S. Johnson to Anita & Mary Johnson, wife 2 to 8, block 2, December 11, 1915; 412.

El Paso town company's addition—T. A. Venter, 1000 N. 1st, block 1, 1917; 412.

Highland Park addition, on Trenton street—E. G. Pratt to T. H. Patterson, block 2 and 3, block 26, October 14, 1917; 424.

## EL PASO HERALD

## BOSS OF THE SMELLER 'BOS'

Mrs. Helen Sherry, Truant  
Officer, Will See That  
They Go to School.

Being compulsory education into the smelter settlement in the work that has been assigned to Mrs. Helen Sherry, appointed truant officer for that precinct a few days ago by the county school trustees. The new school at the smelter will be opened in two weeks, or thereabouts, and Mrs. Sherry is now at work among the Mexican families inducing them to send their children to school when it opens.

The enrollment at the smelter public school last year was about 100. About 100 children in the section attended the little Spanish school conducted by the priest, but an effort is being made to have even these attend the public school and learn English. Much difficulty is being experienced by Mrs. Sherry in convincing the Mexicans that the American schools are entirely nonsectarian and operate in no way against the Catholic religion.

The compulsory education law requires that all children attend school at least four months a year, but even with this short period as the requirement, the public school would have a surplus of 40 children. It is expected that the school will be opened in the fall. The day for a teacher's salary is \$2 each night. The necessary authority was granted.

**Night School Has 250.**  
With regard to the evening high school, where the enrollment has increased to 250 and is gaining about 10 every meeting, Prof. Hargreave said there were six teachers engaged and he expected he might have to increase the force. The day for a teacher's salary is \$2 each night. The necessary authority was granted.

**Miss Weber Allowed to School.**  
The late Max Weber, German consul at Juarez, but now the word of George G. Sauer, is entitled to attend El Paso public schools. In the written opinion of the attorney for the school board, Consuela is attending the high school and living in El Paso with her guardian.
